**XIII Encuentro
Latinoamericano de
Fotoquímica y
Fotobiología**

Villa Carlos Paz , Córdoba, Argentina. October 23- 27, 2017

Dear colleagues,

The Organizing Committee invites you to participate in the **XIII ELAFOT** that will be held at **Portal del Lago Hotel**, in Villa Carlos Paz (Province of Córdoba, Argentina).

The meeting will address all areas of photochemistry and photobiology and their applications, including but not limited to the following topics: fundamentals and applications of photochemistry and photophysics in gases, liquids, solutions, plasmas and solids; the study of photochemical processes in biology; photocatalysis, advanced light spectroscopy and microscopy, single molecule photochemistry, luminescent nanoparticles, photobiology and photochemistry applied to materials science and technology, sustainable technologies and other related fields. The multidisciplinary nature of these topics offers the opportunity for scientists from many different disciplines to discuss new approaches and start new collaborative projects.

We will be delighted welcoming you in Villa Carlos Paz (Córdoba) in October 2017 (www.villacarospaz.gov.ar/turismo/), one of the most beautiful touristic cities of Argentina.

Please, preregister now your attendance in the XIII ELAFOT web-page:
