

First Announcement

XI ELAFOT, Córdoba City, Argentina. October 1- 4, 2012

XI Encuentro Latinoamericano de Fotoquímica y Fotobiología

Dear colleagues,

The Organizing Committee of 2012 invite you to participate in the XI ELAFOT that will take place in **La Cañada Hotel**, Córdoba City, Argentina.

The meeting will address all the modern aspects of photochemistry and photobiology and its applications, such as the following topics: fundamentals and applications of photochemistry and photophysics in gases, liquids, solutions, plasmas and solids; the study of photochemical processes in biology; imaging; constrained systems; stereochemistry; singlet oxygen; chemical kinetics; coherent control; photocatalysis; energy transfer; photovoltaic; atmospheric materials; laser development; modern spectroscopic methods; luminescent nanoparticles, etc. Thus, the meeting will be of interest to all those involved in using light to initiate and study chemical, physical and biological processes.

The last ELAFOT was held in La Serena, Chile, 2010.

In **Córdoba, 2012**, we hope to host **XI ELAFOT** in a friendly and informal atmosphere, conducing to discussions and interaction between participants.

Organizing Committee

Norman García (Chairman)
Sonia Bertolotti (Co-chairman)
Marcela Altamirano
